## Tools for every day life

The following worksheets share tools that I use to move towards my goals, and it's my pleasure to share everything I can to help you live your best life.

When we have a big goal, it's easy to feel overwhelmed with the enormity of it, and be fraught with feelings and fears. In fact, it can feel like we're hitting a wall, and yet, it's BECAUSE our soul is pushing us towards these goals that our fears get exposed... and that's TOTALLY ok! The tools we use help us move forwards and grow, allowing expansion and soul-alignment!

### Exploration worksheet

By exploring how we feel, we allow ourselves to hear the voice of our inner child, face our fears and connect to the subconscious blocks that stand in our way of living our best life. By facing them, we make space to move forwards.

I invite you to take as long as you need for each area of your life, project or life goal, and continue writing in your journal until you feel at peace, and inspired to take the practical steps to move forwards.

### Taking Action worksheet

As obvious as it sounds, sometimes we need to make a recipe for our project to work!

You can use this worksheet as inspiration to write those tiny steps down that will lead to your dreams becoming reality!

*It's my pleasure to share with you with  
the same tools that I use to move  
towards my dreams.*
